Madhan Narayanaswami

Product Manager - AI Initiatives and Platform Experience @ Aera |
Ex Developer | 8+ years in Software
Bengaluru, Karnataka, India

Summary

Product Manager with 7+ years of experience building enterprise software, currently owning AI initiatives and developer platform at Aera. Experienced in shipping LLM-assisted workflows with human-in-the-loop systems for reliable production use. Strong background in platform systems, and driving scalable solutions with engineering teams.

Experience

Aera Technology

AI Product Manager

April 2025 - Present (1 year 5 months)

Pune District

BYJU'S

Product Manager

June 2022 - August 2023 (1 year 3 months)

Bengaluru

- Led product roadmap for a portfolio of 3 B2B products for Byju's Schools, driving growth and engagement across enterprise customers.

- Built and scaled a cloud-based analytics platform (Snowflake-backed), improving user engagement by ~20% through better visibility into usage.

- Improved school discovery in an app registration flow for ~80K weekly new users, increasing successful school tagging by ~30% and enabling more effective lead qualification and targeting for CRM and sales teams.

Accenture

1 year 8 months

Product Owner

March 2021 - May 2022 (1 year 3 months)

India

Managed roadmap implementation and delivery for a cloud-based CRM application used by 10k+ B2B sellers, while driving end-to-end feature requirement discussions with US clients and offshore engg teams.

Pre Sales (IBM Cloud & RPA)
October 2020 - February 2021 (5 months)
India
